

**This template is meant for:
 NCR**

9x5.5

Pres on the EYE or the Toggle Mark Icon to HIDE or UNHIDE the layers

Once your artwork has been designed you should hide the layers that contain the lines and marks. On your layer panel (F7), named "Template - do not change" - (Color Red) and press on the eye or the toggle icon. The layer on which you will be working is called "Customer's Design" (color blue)
