

Once your artwork has been designed you should hide the layers that contain the lines and marks. On your layer panel (F7), named "Template - do not change" - (Color Red) and press on the eye or the toggle icon. The layer on which you will be working is called "Customer's Design" (color blue)

Blue Line:

The blue line represents the limit for safe content. Everything outside the line will be too close to the edge of your piece and could get trimmed accidentally.

Red Line:

The red line is the cut line. This is where your finished product will be cut. Everything that is beyond the red limits won't be in your final piece.
